Report 2ml

September 15, 1961

Memorandum

To: Director

From: Superintendent, Yellowstone National Park

Subject: Monthly Narrative Report for August 1961

General

Weather. The first week in August was extremely hot. Temperatures at Mammoth were 94 degrees on the 3rd and 4th, and low for the month, 42 degrees on the 11th and 31st. Precipitation totaled 2.16 inches with readings of .47 recorded on the 6th and .57 on the 7th. It began to rain on the 6th and continued almost daily throughout the month.

Increase or Decrease in Travel. Visitation during the month totaled 452,999 as compared with 449,065 last August, an increase of 0.9 per cent. Travel for the year is nine per cent above 1960.

The millionth visitor entered the Park on August 6 through the North Entrance at Gardiner. Mr. and Mrs. William Leitsch and two teen-age children of Portage, Wisconsin. This was their first visit to Yellowstone.

Visitors. Former Superintendent Edmund B. Rogers and Assistant Superintendent Jack Emmert visited the Park during the month with their families.

Dr. John H. Cover, Director of the Bureau of Business and Economic Research at the University of Maryland arrived August 22. Dr. Cover is Secretary of the National Parks Association and visited the Park on an assignment for the Association.

Mrs. James H. Rowe, Jr., Vice Chairman of the National Capital Planning Commission, Washington, visited briefly with Superintendent Garrison during her stay, August 15-16.

Report [illegible]

September 13, 1961

Memorandum

To: Director

From: Superintendent, Yellowstone National Park

Subject: Monthly Narrative Report for August 1961

Summary

Weather. The first week in August was extremely hot. Temperatures at Gardiner were 94 degrees on the 3rd and 4th, and low for the month, 42 degrees on the 11th and 21st. Precipitation totaled 1.15 inches with readings of .47 recorded on the 4th and .53 on the 7th. It began to rain on the 6th and continued almost daily throughout the month.

Increase or Decrease in Travel. Visitation during the month totaled 432,[illegible] as compared with 44[illegible],[illegible] last August, an increase of [illegible] per cent. Travel for the year is nine per cent above 1960.

The millionth visitor entered the Park on August 6 through the North Entrance at Gardiner. Mr. and Mrs. William [illegible] and two [illegible]-age children of Portage, Wisconsin. This was their first visit to Yellowstone.

Visitors. Former Superintendent Edmund B. Rogers and Assistant Superintendent Jack Ewert visited the Park during the month with their families.

Dr. John R. Cover, Director of the Bureau of Business and Economic Research at the University of Maryland arrived August 19. Mr. Cover is Secretary of the National Parks Association and visited the Park on an assignment for the Association.

Mrs. James R. Rowe, Jr., Vice Chairman of the National Capital Planning Commission, Washington, visited briefly with Superintendent Garrison during her stay, August 15-16.

Official Visitors. Mr. Robert Ettinger, U. S. Fish and Wildlife Service, Albuquerque, New Mexico, arrived on the 27th to assist the Park staff during the visit of Mr. Marcel Bahizi, Department Director of the National Parks of the Congo, who is expected to arrive soon.

Foreign Visitors. Mr. Colin Dibb Humphrey and Anthony Elmore Taylor from Rhodesia/Nyasaland were in the Park August 4 through 6 to discuss and observe methods in use relating to wildlife resource management and conservation in Yellowstone National Park. They were in the United States under the auspices of the United States Department of Agriculture.

Mr. Necmettin Sakar, representative of Turkish Government and Assistant Director of National Properties, arrived at West Yellowstone August 6.

Mr. Eggert Asgeirsson, Assistant to the Commissioner and Sanitary Inspector, Department of Public Health, City of Reykjavik, Reykjavik, Iceland, was in the Park from August 26 through the 29th. Mr. Asgeirsson is interested in a movement in Iceland to establish national parks. During his stay he observed Park Management practices and gained an insight into the fundamental policies and objectives of the National Park Service.

Special Visitor. On August 11, Mr. Truman C. Everts, from New Jersey, the only son of Truman C. Everts of the Washburn-Langford-Doane Expedition of 1870 visited Yellowstone for the first time. He was born in 1891.

While at the Canyon Visitor Center with his family, Mr. Everts identified himself and the Ranger Naturalist on duty persuaded him to come to Mammoth for an interview. Tape recordings which contain many valuable facts about his father were obtained. Mr. Everts was taken to Blacktail Deer Creek meadows to view the place where his father was rescued at the end of his "Thirty-seven days of Peril."

Upon his return to his New Jersey home, Mr. Everts will provide the Park with a typescript of an autobiography his father prepared late in life. The autobiography contains notes used in the preparation of his article in Scribner's Magazine. Photographs were taken of Mr. Everts.

Inspections. Fred Novak, Regional Administrative Officer arrived August 8. Two meetings were held to discuss and acquaint him with some of the administrative problems.

Mr. Allen D. Heubner, Supervisory Civil Engineer, WODC, arrived in the Park, August 15.

Official Visitors. Mr. Robert Mellinger, U. S. Fish and Wildlife Service, Albuquerque, New Mexico, arrived on the 17th to assist the Park staff during the visit of Mr. Marcel Ichiel, Department Director of the National Parks of the Congo, who is expected to arrive soon.

Foreign Visitors. Mr. Colin Dibb Stephen, and Anthony Elliott Taylor from Rhodesia/Nyasaland were in the Park August 8 through 9 to discuss and observe methods in use relating to wildlife resource management and conservation in Yellowstone National Park. They were in the United States under the auspices of the United States Department of Agriculture.

Mr. Nacettin Sahar, representative of Turkish Government and Assistant Director of National Properties, arrived at West Yellowstone August 8.

Mr. Aggeri Asgairsson, Assistant to the Commissioner and Sanitary Inspector, Department of Public Health, City of Reykjavik, Reykjavik, Iceland, was in the Park from August 10 through the 17th. Mr. Asgairsson is interested in a movement in Iceland to establish national parks. During his stay he observed Park Management practices and gained an insight into the fundamental policies and objectives of the National Park Service.

Special Visitor. On August 11, Mr. Truman C. Everts, from New Jersey, the only son of Truman C. Everts of the Hackett-Langford-Cook Expedition of 1870 visited Yellowstone for the first time. He was born in 1871.

While at the Canyon Visitor Center with his family, Mr. Everts identified himself and the Ranger Naturalist on duty persuaded him to come to Mammoth for an interview. Tape recording which contained many valuable facts about his father were obtained. Mr. Everts was taken to Blacktail Deer Creek Meadows to view the place where his father was rescued at the end of his "Thirty-seven days of April."

Upon his return to his New Jersey home, Mr. Everts will present the Park with a typescript of an autobiography his father prepared late in life. The autobiography contains notes used in the preparation of his article in Scribner's Magazine. Photographs were taken of Mr. Everts.

Inspections. Fred Novak, Regional Administrative Officer arrived August 8. Two meetings were held to discuss and acquaint him with some of the administrative problems.

Mr. Allan E. Hanlon, Supervisory Civil Engineer, [illegible], arrived in the Park, August 15.

Thomas F. Flynn and family, Chief of Concessions Management, Washington Office, and Elbert W. Smith and family, Regional Chief of Concessions Management, Region Two, Omaha, came to the park on concessions matters.

William H. Ledford and Paul Gallagher, auditors from the Washington Office arrived to assist Auditors Weber and Smith with the National Park Service and Concessioners' audits.

Mr. O. D. Moore, Regional Milk and Food Consultant of the U. S. Public Health Service, accompanied Sanitarian Thomas Willett on inspections of the concessioner facilities in the Park on August 24.

A team of inspectors arrived in the Park August 28 to study the District Manager Organization. The team is composed of George W. Fry, Chief of Operations, Region Two, George W. Miller, Chief of Operations, Region Three, Santa Fe, and Arthur J. Gilmore, Chief, Accounting Systems, Washington. The group will be in the Park until after the Labor Day weekend.

Special Activities. South District Naturalist Biddulph and Ranger Gordon Boyd met and accompanied the Trail Riders of the Wilderness at Basin Creek on August 1. Mr. Biddulph presented evening talks to the members of the Wilderness Society at the Basin Creek camp.

Superintendent Garrison, Assistant Superintendent Gastellum, Superintendent Bill of Grand Teton National Park and South District Manager Thomas B. Hyde accompanied Secretary of the Interior Udall and his family on an inspection of the new Lewis Lake campground, Grant Village area, Old Faithful, and Yellowstone Lake on August 8.

South District Naturalist Biddulph gave a campfire talk to members of the American Forestry Association at Heart Lake and Beaver Creek, August 9 and 10. A nature hike was conducted for the group by Biddulph along the shore of Heart Lake. Messrs. Biddulph and Reynolds accompanied the group to the summit of Mount Sheridan on August 10.

Law Enforcement Officer Howard H. Chapman represented Yellowstone National Park at the annual meeting of the Montana Sheriffs and Peace Officers' Meeting in Billings, August 10, 11 and 12. Mr. Chapman attended the Wyoming Police Protective Association of Wyoming's summer meeting at Worland, Wyoming, August 14 and 15.

The third and last no-host Ladies Luncheon of the season was held at Lake Hotel, August 16. The luncheons have been very popular and the National Park Service and Concessioner ladies enjoy the get-togethers.

Thomas P. Flynn and family, Chief of Concessions Management, Washington Office, and Elbert W. Smith and family, Regional Chief of Concessions Management, Region Two, Omaha, came to the park on concessions matters.

William H. Ledford and Paul Gallagher, auditors from the Washington Office arrived to assist auditors Weber and Smith with the National Park Service and Concessioners' audits.

Mr. G. L. Moore, Regional Milk and Food Consultant of the U. S. Public Health Service, accompanied Sanitarian Thomas Gillett on inspections of the concessioner facilities in the Park on August 14.

A team of inspectors arrived in the Park August 14 to study the District Manager Organization. The team is composed of George H. Fry, Chief of Operations, Region Two, George W. Miller, Chief of Operations, Region Three, Santa Fe, and Arthur J. Gilmore, Chief, Accounting Systems, Washington. The group will be in the Park until after the Labor Day weekend.

Special Activities. South District Naturalist Biddulph and Ranger Gordon Boyd met and accompanied the Trail Riders of the Wilderness at Basin Creek on August 1. Mr. Biddulph presented evening talks to the members of the Wilderness Society at the Basin Creek camp.

Superintendent Garrison, Assistant Superintendent Castellan, Superintendent Hill of Grand Teton National Park and South District Manager Thomas S. Hyde accompanied Secretary of the Interior Udall and his family on an inspection of the new Lewis Lake campground, Grant Village area, Old Faithful, and Yellowstone Lake on August 5.

South District Naturalist Biddulph gave a campfire talk to members of the American Forestry Association at Heart Lake and Heart Creek, August 9 and 10. A nature hike was conducted for the group by Biddulph along the shore of Heart Lake. Messrs. Biddulph and Hyde accompanied the group to the Summit of Mount Sheridan on August 10.

Law Enforcement Officer Howard H. Chapman represented Yellowstone National Park at the annual meeting of the Montana Sheriffs and Peace Officers' Meeting in Billings, August 10, 11 and 12. Mr. Chapman attended the Wyoming Police Protective Association of Wyoming's summer meeting at Morland, Wyoming, August 14 and 15.

The third and last no-host ladies luncheon of the season was held at Lake Hotel, August 14. The luncheons have been very popular and the National Park Service and Concessioner ladies enjoy the get-togethers.

On August 19-22 District Manager Good took Dr. and Mrs. Oz Hawksley and Mr. and Mrs. Jack Reynolds and young daughter on a trip to Shoshone Lake to check its suitability for an American White Water Affiliates sponsored wilderness canoe trip next August. Dr. Hawksley is Trip Planning Chairman of American White Water Affiliates.

Two children were lost on August 19 in the Beula Lake area. Rangers conducted an intensive search of the area and the children were found on the morning of the 20th and returned to their parents.

Paul Roy Ingebretsen, 15 years of age, of Pocatello, Idaho, drowned while fishing in the Yellowstone River near the Mud Volcano. Young Ingebretsen was fishing with his father and attempted to wade out to the middle of the river, lost balance on slippery bottom, his chest waders filled with water and he was carried beneath the surface. Bill Knight and Jim Wright of Lansing, Illinois, qualified skin divers, camping in the Park, assisted in the search. The body was recovered about 8:30 p.m.

A population census was taken in the Park on August 20. Results will be included in the September narrative report.

The annual Campfire Day Pageant was presented at Madison Junction on August 20 commemorating the historic campfire of the Washburn-Langford-Doane Expedition, and the birth of the National Park idea. Approximately 1,000 people attended.

Prior to the presentation, Superintendent Garrison addressed the audience attending the Pageant, regarding the new facilities at Madison Junction for public use. The Service held open house during the afternoon at the newly opened facilities--the new campground, picnic and employees residence area.

Maynard Barrows, Forester, from Dinosaur National Monument, and William S. Douglas, Radiological Defense Officer, OCDM, Denver, were here August 22-23 conducting the Radiological Monitoring Course on a radiological instrument operation at Canyon Village.

Ernest R. Anderson, Administrative Officer, Supervisory Accountant Ellis Gabbert and Personnel Assistant John Clay attended an instructional meeting in Sheridan, Wyoming, August 23, on changes in the Health Benefits Plan.

Mr. H. L. Junkin, Jr., Supervisor, Claim Department, Aetna Insurance Company, called at the Personnel Office to answer questions on the Aetna Plan, August 29.

On August 19-22 District Manager Good took Dr. and Mrs. Ge Hawksley and Mr. and Mrs. Jack Reynolds and young daughter on a trip to Shoshone Lake to check its suitability for an American White Water Affiliates sponsored wilderness canoe trip next August. Dr. Hawksley is Trip Planning Chairman of American White Water Affiliates.

Two children were lost on August 17 in the Paula Lake area. Rangers conducted an intensive search of the area and the children were found on the morning of the 20th and returned to their parents.

Paul Ray Ingebretsen, 15 years of age, of Pocatello, Idaho, drowned while fishing in the Yellowstone River near the Mud Volcano. Young Ingebretsen was fishing with his father and attempted to wade out to the middle of the river, lost balance on slippery bottom, his chest waders filled with water and he was carried beneath the surface. Bill Knight and Jim Wright of Lansing, Illinois, qualified skin divers, camping in the Park, assisted in the search. The body was recovered about 8:30 p.m.

A population census was taken in the Park on August 18. Results will be included in the September narrative report.

The annual Campfire Bay Pageant was presented at Madison Junction on August 20 commemorating the historic campfire of the Washburn-Langford-Doane Expedition, and the birth of the National Park idea. Approximately 1,000 people attended.

Prior to the presentation, Superintendent Garrison addressed the audience attending the Pageant, regarding the new facilities at Madison Junction for public use. The Service held open house during the afternoon at the newly opened facilities--the new campground, picnic and employee residence area.

Maynard Barrows, Forester, from Minnesota National Monument, and William E. Douglas, Radiological Defense Officer, OCDM, Denver, were here August 22-23 conducting the Radiological Monitoring Course on a radiological instrument operation at Canyon Village.

Ernest R. Anderson, Administrative Officer, Supervisory Accountant Ellis Gabbert and Personnel Assistant John Clay attended an institutional meeting in Sheridan, Wyoming, August 23, on changes in the Health Benefits Plan.

Mr. H. D. Jenkin, Jr., Supervisor, Claim Department, Aetna Insurance Company, called at the Personnel Office to answer questions on the Aetna Plan, August 28.

Information on the Flag Design Contest was made available to all employees. A cash prize of $300 will be given the winner designing a departmental flag which may be used at any official Department of the Interior function and smaller sized flags of the same design which may be used for other special purposes as determined by the Secretary. At the present time there are two official flags--the Secretary's flag and the Under Secretary's flag. Closing date for the contest is December 31, 1961.

There were no earth tremors reported during August.

Grizzly Bear Studies. Twelve grizzlies were trapped or immobilized in the Canyon Campground during the month; five of these animals had been previously marked by the Craighead Grizzly Study Group.

One bull elk was taken on August 7 in connection with the Grizzly Bear Study.

Administration

Personnel. Promotions. Darwin E. Williams, Supply Officer, GS-11 to Procurement and Property Management Officer, GS-12.

Harriet I. Summers, Time, Leave & Payroll Clerk, GS-4, to Time, Leave and Payroll Supervisor, GS-6.

Herrold A. G. Asmussen, Park Ranger (Naturalist) GS-4, to GS-5.

Hershel C. Reeves, Park Ranger (General), GS-4 to Park Ranger GS-5.

Ralph C. King, Foreman I, Maintenance, Ungraded to Foreman II, Maintenance, Ungraded.

William E. Wetzel, Foreman I, Trails, Ungraded, to Foreman II, Mixed Gang (Trails), Ungraded.

Reassignment: Edwin N. Chamberlin, Time, Leave and Payroll Supervisor to Accounting Technician, GS-7.

Billy M. Windham, Property and Supply Clerk, to Time, Leave and Payroll Clerk, GS-4.

Career-Conditional Appointment: William E. Hiatt, Janitor, Ungraded.

Conversion to Career: Lawerance J. Hovig, Supervisory Storekeeping Clerk, GS-5.

Conversion to Career-Conditional: Edward D. Bigenho, Park Ranger (General) GS-4. Richard D. Peterson, Park Ranger (General) GS-4.

Information on the Flag Design Contest was made available to all employees. A cash prize of $200 will be given the winner designing a departmental flag which may be used at any official Department of the Interior function and smaller sized flags of the same design which may be used for other special purposes as determined by the Secretary. At the present time there are two official flags--the Secretary's flag and the Under Secretary's flag. Closing date for the contest is December 31, 1961.

There were no earth tremors reported during August.

Orientation Meeting. Twelve orientation were trapped on Recreation in the Canyon Campground during the month; 1[illegible] of these animals had been previously marked by the Grainland Orientation Group.

One bull elk was taken on August 7 in connection with the Grainland Dear Study.

Administration

Personnel. Promotions. Parker C. Williams, Supply Officer, GS-11 to Procurement and Property Management Officer, GS-12.

Harriet L. [illegible], Time, Leave & Payroll Clerk, GS-4, to Time, Leave and Payroll Supervisor, GS-5.

Harold A. [illegible], Park Ranger (Naturalist) GS-[illegible], to GS-[illegible].

Marshal C. [illegible], Park Ranger (General), GS-[illegible] to Park Ranger GS-[illegible].

Ralph [illegible] King, Foreman I, Maintenance, Upgraded to Foreman II, Maintenance, Upgraded.

William [illegible] Petzel, Foreman I, Trails, Upgraded, to Foreman II, Mined Snag (Trails), Upgraded.

Assignment: [illegible] [illegible], Time, Leave and Payroll Supervisor to Accounting Technician, GS-[illegible].

Billy M. Hinkham, Property and Supply Clerk, to Time, Leave and Payroll Clerk, GS-4.

Career-Conditional Appointment: William [illegible] Hiatt, Janitor, Upgraded.

Conversion to Career: Lawrence J. [illegible], Supervisory Stereotyping Clerk, GS-5.

Conversion to Career-Conditional: Edward [illegible] Bigelow, Park Ranger (General) GS-4. Richard [illegible] Peterson, Park Ranger (General) GS-4.

Position Classification files have been updated, and five complete Position Descriptions for each position are now available.

All permanent positions have been renumbered. The new numbering system allocated a block of numbers for each organizational unit.

Six examinations were given by the Civil Service Board.

In-Service Training. A meeting was conducted by Chief Ranger Oscar Dick on August 10 for all South District personnel on boating operations and regulations.

Rangers Reynolds, Wood and McLaren attended the Radiological Monitoring course at Canyon on August 22 and 23.

Special Assignment. Park Ranger Carl C. Lamb, has been selected to attend the Owen A. Tomlinson, ninth session, National Park Service Training Center in Yosemite National Park. He will join five men from Region Two on September 18. Session ends December 18.

Deaths. Samuel S. Ives, 76 years of age, died August 3 in the Old Faithful Trailer Camp from a heart attack. A visitor from Topsfield, Massachusetts.

Cecile B. Knapp, 75 years of age, died in the Mammoth Hospital, August 10 from heart attack. A visitor from Algonquin, Canada.

Births. A son, Eric David, born August 29 to Sub-District Ranger Clyde A. and Barbara Maxey, in the Mammoth Hospital.

A boy, Michael Eugene, born August 4 in Carlisle, Pennsylvania, to Robert and Terri McLeod. Gene McLeod, Foreman II Carpenter, is the paternal grandfather.

Marriage. The Yellowstone Park Chapel was the setting for a beautiful wedding August 27 when Gloria Gastellum and Richard Rapp were married. Father Fehrer from Sheridan, Wyoming, celebrated the Nuptial Mass at 9 a.m.

African Students. On Saturday, August 19, Superintendent and Mrs. Garrison entertained the students from Africa on their last night in the Park. At appropriate ceremonies following the dinner each student was awarded a certificate attesting to his completion of the summer's program in National Park Conservation and Wildlife Management. Many members of the Park staff attended the affair, which was concluded by a film depicting the purposes and objectives of the Service's MISSION 66 Program.

Accidents and Public Safety. Ranger George Henley was hospitalized 8½ days, August 1-8, after being kicked on the right leg by one of the Service's horses.

Position Classification files have been updated, and five complete Position Descriptions for each position are now available.

All permanent positions have been renumbered. The new numbering system allocated a block of numbers for each organizational unit.

Six examinations were given by the Civil Service Board.

In-Service Training. A meeting was conducted by Chief Ranger Oscar Dick on August 10 for all South District personnel on boating operations and regulations.

Rangers Reynolds, Wood and Malaran attended the Radiological Monitoring course at Canyon on August 22 and 23.

Special Assignment. Park Ranger Earl D. Lent, has been selected to attend the Owen A. Tomlinson, ninth session, National Park Service Training Center in Yosemite National Park. He will join five men from Region Two on September 15. Session ends December 10.

Deaths. Samuel E. Ives, 78 years of age, died August 5 in the Old Faithful Trailer Camp from a heart attack. A visitor from Topsfield, Massachusetts.

Cecile E. Knapp, 77 years of age, died in the Mammoth Hospital, August 10 from heart attack. A visitor from Algonquin, Canada.

Births. A son, Eric David, born August 28 to Sub-District Ranger Clyde A. and Barbara Maxey, in the Mammoth Hospital.

A boy, Michael Eugene, born August 4 in Carlisle, Pennsylvania, to Robert and Terri Schmid. Dean Schmid, Foreman II Carpenter, is the paternal grandfather.

Marriage. The Yellowstone Park Chapel was the setting for a beautiful wedding August 27 when Gloria Castellum and Richard Rapp were married. Father Dehrer from Sheridan, Wyoming, celebrated the Nuptial Mass at 5 p.m.

African Students. On Saturday, August 19, Superintendent and Mrs. Garrison entertained the students from Africa on their last night in the Park. At appropriate ceremonies following the dinner each student was awarded a certificate attesting to his completion of the summer's program in National Park Conservation and Wildlife Management. Many members of the Park staff attended the affair, which was concluded by a film depicting the purposes and objectives of the Service's MISSION 66 Program.

Accidents and Public Safety. Ranger George Healey was hospitalized 5½ days, August 1-8, after being kicked on the right leg by one of the Service's horses.

Bernard Rulffs, employee of Burggraf Construction Company, was struck on the head by a falling tree in the Grant Village area. Brain stem injury was sustained in the accident which occurred on August 8. Mr. Rulffs, age 22, was admitted to the Mammoth Hospital and later transferred to a hospital in Great Falls.

Motor vehicle accidents reported this month were distributed as follows: North District - 20, South - 27, West - 19, total - 66.

Miscellaneous. A Pot Luck Farewell Party was held at Nez Perce Cabin for Ranger James B. Valder on August 14. Ranger Valder transferred to Mount Rainier National Park on August 20.

Cooperative Activities

Publicity. On each Thursday, the Yellowstone Weekly News was issued to keep employees, concessioners and others currently informed of Park happenings.

There were five press releases issued. One on a soapstone pot donated to the Museum; millionth visitor; campfire pageant; control of bears with suscostrin; and regulations governing use of power boats on Yellowstone Lake.

Chapel Use and Religious. Services for all faiths were held during the month throughout the Park as scheduled.

Summer Ministry. The Reverend Duane K. Murphy, National Council of Churches, New York, arrived in the Park August 13 for a week's stay. Reverend Mr. Murphy was a student minister in the Park and is now Assistant to the Reverend Warren Ost in New York. Mr. Ost and Mr. Murphy tour the parks during the summer to supervise and offer assistance to the staffs in the operation of their programs.

Interpretive Services. Scheduled interpretive services were curtailed by the end of the month due to termination of seasonal personnel.

A self-guiding trail for overnight camping at Cascade Lake and a narrative of natural interpretive history will be staked out along the trail at the beginning of the summer of 1962.

A map and narrative has been completed for a self-guiding trail pamphlet for the Mammoth Terraces. Both are being presented for approval.

The Mammoth Auto Caravan completed the season on August 31. The use of a Yellowstone Park Company bus for paid fare passengers has been successful.

Bernard Kulffs, employee of Burggraf Construction Company, was struck on the head by a falling tree in the Grant Village area. Brain stem injury was sustained in the accident which occurred on August 4. Mr. Kulffs, age 21, was admitted to the Mammoth Hospital and later transferred to a hospital in Great Falls.

Motor vehicle accidents reported this month were distributed as follows: North District - 20, South - 27, West - 19, total - 66.

Miscellaneous. A Pot Luck Farewell Party was held at Bear Paw Cabin for Ranger James P. Valder on August 14. Ranger Valder transferred to Mount Rainier National Park on August 16.

Cooperative Activities

Publicity. On each Thursday, the Yellowstone Weekly News was issued to Hemp employees, concessioners and others currently informed of Park happenings.[1]

There were five press releases issued. One on a snapstone pot donated to the Museum; millionth visitor; campfire pageant; control of bears with susceptrin; and regulations governing use of power boats on Yellowstone Lake.

Chapel Tam and Religious. Services for all faiths were held during the month throughout the Park as scheduled.

Summer Ministry. The Reverend Duane R. Murphy, National Council of Churches, New York, arrived in the Park August 13 for a week's stay. Reverend Mr. Murphy was a student minister in the Park and is now Assistant to the Reverend Warren Ost in New York. Mr. Ost and Mr. Murphy tour the parks during the summer to supervise and offer assistance to the staffs in the operation of their program.

Interpretive Services. Scheduled interpretive services were curtailed by the end of the month due to termination of seasonal personnel.

A self-guiding trail for overnight camping at Cascade Lake and a narrative of natural interpretive history will be stated out along the trail at the beginning of the summer of 1962.

A map and narrative has been completed for a self-guiding trail pamphlet for the Mammoth Terraces. Both are being presented for approval.

The Mammoth Auto Garrison completed the season on August 31. The use of a Yellowstone Park Company bus for paid fare passengers has been successful.

Museum. The Interpretive Division and the Park were recipients of a stone cooking vessel donated by Mr. Howard M. Strong of Livingston, Montana. The pot is believed to be a very significant addition to the Museum collection. Mr. Strong found it buried in the soil on Deckard Flat near Gardiner. The vessel is seven inches in diameter and seven inches tall, carved from a single piece of rock, and remarkably symmetrical and well proportioned. It is believed to be prehistoric. Attempts are being made to date it.

Park Historian accompanied by Dr. Jesse T. Schwidde, Frank A. Wierzbinski and Kenneth Feyl of the Billings Archaeological Society, conducted an archaeological reconnaissance of the Miller Creek area for the purpose of determining the extent and character of paleo-Indian use of the Upper Lamar River portion of the Park. A large Indian encampment site was found at the mouth of Miller Creek. It was the opinion of the Billings members of the party that a very significant site had been found and that further work was warranted.

Park Historian Haines interviewed Mr. Floyd Bottler, son of Frederick Bottler who was prominent in the Park's early history.

Special Activities. Park Naturalist McIntyre consulted with Mr. Jack Grossberg, Director of the Eastman-Disney TV hour, on August 16, 17 and 18.

Mr. McIntyre met with Geologist Robert Rose from the Washington Office on August 12.

On August 16, 17 and 18, Ralph Tangney of Condor Films photographed Emigrant Buffalo Jump, Old Faithful, and the Hayden Valley buffalo scene for a future TV production.

Mr. McIntyre met with Regional Historian Merrill Mattes on August 21, to discuss various aspects and problems of the Yellowstone interpretive program.

On the 29th, Chief Park Naturalist conferred with Mr. Bob Kennedy of Kennedy Films, Chicago, on a Yellowstone series of movies he will be making in the Park through the first of September.

Research and Observation. Four collecting permits were approved during the month.

Kaleidoscope Geyser was rejuvenated during the month. It was last active during the 1958 season.

Grand Geyser's present manner of play closely resembles that characterized it in the late 1930's.

Museum. The Interpretive Division and the Park were recipients of a stone cooking vessel donated by Mr. Howard M. Strong of Livingston, Montana. The pot is believed to be a very significant addition to the Museum collection. Mr. Strong found it buried in the soil at Bechard Flat near Gardiner. The vessel is seven inches in diameter and seven inches tall, carved from a single piece of rock, and remarkably symmetrical and well proportioned. It is believed to be prehistoric. Attempts are being made to date it.

Park Historian accompanied by Dr. Grace L. Schwiede, Frank A. Wierzbinski and Kenneth Keyl of the Billings Archaeological Society, conducted an archaeological reconnaissance of the Miller Creek area for the purpose of determining the extent and character of paleo-Indian use of the Upper Lamar River portion of the Park. A large Indian encampment site was found at the mouth of Miller Creek. It was the opinion of the Billings members of the party that a very significant site had been found and that further work was warranted.

Park Historian Haines interviewed Mr. Floyd Bottler, son of Frederick Bottler who was prominent in the Park's early history.

Special activities. Park Naturalist McIntyre consulted with Mr. Jack Grossberg, Director of the Eastman-Disney Co. Hour, on August 15, 17 and 18.

Mr. McIntyre met with Geologist Robert Rose from the Washington Office on August 12.

On August 16, 17 and 18, Ralph Dangany of Cowder Films photographed Emigrant Buffalo Jump, Old Faithful, and the Mayden Valley Buffalo scene for a future TV production.

Mr. McIntyre met with Regional Historian Merrill Mattes on August 21, to discuss various aspects and problems of the Yellowstone interpretive program.

On the 19th, Chief Park Naturalist conferred with Dr. Bob Cowdrey of Kennedy Films, Chicago, on a Yellowstone series of movies he will be making in the Park through the first of September.

Research and Observation. Four collecting permits were approved during the month.

Kaleidoscope Geyser was rejuvenated during the month. It was last active during the 1918 season.

Grand Geyser's present manner of play closely resembles that characterized it in the late 1900's.

Margaret Altman of Jackson Hole Biological Research Station, Moran, Wyoming, was in the Red Creek and Big Game Ridge areas August 4-7 studying the social behavior of the aged elk.

Dr. Armitage discontinued his study of the marmot colony at Snake River on August 21. He will return next summer for a short period to continue study.

Concessioners. The Yellowstone Park Company closed the following accommodations and services during the month: Roosevelt Lodge, Canyon Campers Cabins, and Saddle Horses-Roosevelt and Mammoth on August 27. Bus trips to the summit of Mt. Washburn were discontinued August 31.

Hamilton Stores, Inc. closed Lake Lodge Curio Shop on August 27.

Haynes Inc. closed their Roosevelt Lodge Shop and Store on August 26; the Lake Lodge Shop on August 28.

Superintendent Garrison and his staff attended the National Park Service-Concessioners monthly meeting at Canyon Village, August 10.

Maintenance. In the North District 57 miles of trail were cleared and bridges rebuilt. Two bridges were rebuilt on the Silver Cord Cascade Trail and two corduroy bridges were built on Beaver Lake Trail.

Construction. The new section of road and the new bridge crossing at Bridge Bay were opened to public travel on August 29.

The scenic Firehole Canyon Loop road has been designated one way only, and shall be traveled only from north to south.

Ranger Activities. Rangers from Canyon and Lake assisted in recovering the body of Paul Ray Ingebretsen from the Yellowstone River, August 21.

A small brown bear lodged its head into a small milk can outside the Roosevelt Lodge kitchen. The can could not be removed and it was necessary to kill the bear on August 27.

Patrols were continued during the month along the Yellowstone River for the body of Clark House. All unsuccessful.

Repair work was done on the Snow Course at Norris.

A Campground Patrol was established by the members of the Interpretive Staff in the North District as an experiment. The duties of this Patrol include creating Park friends, assisting them in making a better camp, instructing them in wood chopping, fish frying, arrangement of sleeping, answering questions, planning their schedule and any problems the visitors may have.

Margaret Altman of Jackson Hole Biological Research Station, Moran, Wyoming, was in the Red Creek and Big Game Ridge areas August 4-7 studying the social behavior of the aged elk.

Dr. Armitage discontinued his study of the marmot colony at Snake River on August 21. He will return next summer for a short period to continue study.

Concessioners. The Yellowstone Park Company closed the following accommodations and services during the month: Roosevelt Lodge, Canyon Campers Cabins, and Saddle Horses-Roosevelt and Tamarack on August 27. Bus trips to the summit of Mt. Washburn were discontinued August 31.

Hamilton Stores, Inc. closed Lake Lodge Curio Shop on August 27.

Haynes Inc. closed their Roosevelt Lodge Shop and Store on August 27; the Lake Lodge Shop on August 20.

Superintendent Garrison and his staff attended the National Park Service-Concessioners monthly meeting at Canyon Village, August 10.

Maintenance. In the North District 27 miles of trail were cleared and bridges rebuilt. Two bridges were rebuilt on the Silver Cord Cascade Trail and two corduroy bridges were built on Seeley Lake Trail.

Construction. The new section of road and the new bridge crossing at Bridge Bay were opened to public travel on August 2[illegible].

The scenic Firehole Canyon Loop road has been designated one way only, and shall be traveled only from north to south.

Ranger Activities. Rangers from Canyon and Lake assisted in recovering the body of Paul Ray Tumbretsen from the Yellowstone River, August 21.

A small brown bear lodged its head into a small milk can outside the Roosevelt Lodge kitchen. The can could not be removed and it was necessary to kill the bear on August 27.

Patrols were continued during the month along the Yellowstone River for the body of Clark House. All unsuccessful.

Repair work was done on the Snow Course at Norris.

A Campground Patrol was established by the members of the Interpretive Staff in the North District as an experiment. The duties of this Patrol include creating Park friends, assisting them in making a better camp, instructing them in wood chopping, fish frying, arrangement of sleeping, answering questions, planning their schedule and any problem the visitors may have.

Ranger Carl C. Lamb completed a seven day back-country patrol to Mountain Creek, starting July 31. He contacted two groups of Boy Scouts camped in that area.

Regular boat patrols were conducted from Lake, West Thumb and Frank Island. The Frank Island patrol was discontinued on August 12, but the area has been covered by the Lake patrol.

The horse patrol in the Fishing Bridge campground was terminated August 25.

Law Enforcement. Twelve larcenies and four burglaries were recorded during August. The most serious offense occurred during the night hours of August 16-17 when the safe at Canyon Service Station was burglarized and approximately $1,500 in cash was taken. This incident is undergoing intensive investigation by the Federal Bureau of Investigation. All evidence points to a professional burglar.

There were 82 cases taken before the U. S. Commissioner during the month. Approximately 50 per cent of the cases were employees. Fines totaled $1,350.

Stricter enforcement of boating regulations resulted in 14 cases tried before the Commissioner.

Travel Survey. A survey of entering travel was made on July 9, 11 and 13 at all entrance stations. The number of vehicles and passengers per car entering the Park as first entries and re-entries were tabulated, with the state of origin. A ratio of 3.55 people per car was the result. This new ratio was made effective at once. California cars led all states with 2,012 entries, followed by Montana, Utah, Washington, Illinois, Wyoming, Idaho, Minnesota, Colorado, and Michigan-Texas-Ohio.

A second travel survey was made at all entrances August 13, 15 and 17. This survey revealed a ratio of 3.66 persons per car. California led all states in the number of cars entering the Park, followed by Montana, Utah, Illinois, Idaho, Colorado, Wyoming, Washington and Iowa, Minnesota and Texas. The 3.55 ratio figure will continue the remainder of this season. However, the factor 3.66 will be used in computing entering visitors beginning on January 1, 1962 and for the 1962 travel season.

Forest Fire Protection. About 6:30 a.m., August 23, eleven rangers left for Olympic National Park to assist in suppression of forest fires there. Chief Ranger McComas of Olympic informed Chief Ranger Oscar Dick that 40 fires were burning in that Park. The Yellowstone men flew from Gardiner and West Yellowstone to Billings, thence by Northwest Airlines to Seattle. Fire fighters were: Rangers Binnewies, Coe, Hayes, Holder, Hughes, Lamb, McClelland, Myers, Nuss, Sellers and Viklund. They returned to the Park August 31.

Ranger Carl C. Lamb completed a seven day back-country patrol to Mountain Creek, starting July 31. He contacted two groups of Boy Scouts camped in that area.

Regular boat patrols were conducted from Lake, West Thumb and Frank Island. The Frank Island patrol was discontinued on August 19, but the area has been covered by the Lake patrol.

The horse patrol in the Fishing Bridge campground was terminated August 23.

Law Enforcement. Twelve larcenies and four burglaries were recorded during August. The most serious offense occurred during the night hours of August 16-17 when the safe at Canyon Service Station was burglarized and approximately $1,000 in cash was taken. This incident is undergoing intensive investigation by the federal bureau of Investigation. All evidence points to a professional burglar.

There were 32 cases taken before the U. S. Commissioner during the month. Approximately 50 per cent of the cases were employees. Fines totaled $1,000.

Stricter enforcement of boating regulations resulted in 16 cases tried before the Commissioner.

Travel Survey. A survey of entering travel was made on July 9, 11 and 13 at all entrance stations. The number of vehicles and passengers per car entering the Park at first entries and re-entries were tabulated, with the state of origin. A ratio of 3.50 people per car was the result. This new ratio was made effective at once. California cars led all states with 9,613 entries, followed by Montana, Utah, Washington, Illinois, Wyoming, Idaho, Minnesota, Colorado, and Michigan-Texas-Ohio.

A second travel survey was made at all entrances August 13, 14 and 17. This survey revealed a ratio of 4.56 persons per car. California led all states in the number of cars entering the Park, followed by Montana, Utah, Illinois, Idaho, Colorado, Wyoming, Washington and Iowa, Minnesota and Texas. The 3.55 ratio figure will continue the remainder of this season. However, the factor 3.64 will be used in computing entering visitors beginning on January 1, 1962 and for the 1962 travel season.

Forest Fire Protection. About 6:30 a.m., August 23, eleven rangers left for Olympic National Park to assist in suppression of forest fires there. Chief Ranger McGowan of Olympic informed Chief Ranger Oscar Olsen that 40 fires were burning in that Park. The fellowship and flew from Gardiner and West Yellowstone to Billings, thence by Northwest Airlines to Seattle. Fire fighters were: Rangers Blanchard, Cox, Hayes, Holder, Hughes, Lamb, McClelland, Myers, Ross, Sellers and Vikland. They returned to the Park August 31.

Hans Trankle, crew leader, and the Park smokejumper crew with the smokejumper plane left West Yellowstone August 23 for Missoula to assist on fires in Region One of the United States Forest Service. They had not returned by the end of the month.

Forest Insect and Disease Control. Forester Gynn, U. S. Forest Service, inspected the Blister Rust Control project several times during the month.

A white pine and ribes survey was started on August 2 in the West Thumb and Grant Village area. At a later date this project will be extended to include Lewis Lake campground development.

Wildlife and Fish Cultural Activities. On August 22, rangers aided U. S. Fish & Wildlife representatives plant 10,000 graylings in Ice Lake. This should complete Ice Lake stocking for the next two years. The U. S. Fish & Wildlife Service biologist recommended the grayling population in Ice Lake be maintained at about 20,000 fish because of its food production capacity.

The water temperature of the Firehole River has risen again this summer. Recent readings have recorded temperatures ranging from 80 to 83 degrees. Although no fish losses have been reported as yet, trout have been observed lying in the riffles and swift water. The same occurence was noted last year on July 18 and was attributed to increased thermal activity coupled with high summer air temperatures.

Bear. A grizzly cub, one of Sylvia's, was shipped to a zoo in Mexico City, Mexico.

Mountain Lions. On August 4, South District Naturalist Biddulph observed the tracks of an adult and kitten mountain lion following the trail from the end of Heart Lake to Sheridan Lake. The lions' tracks were plainly visible for a distance of two miles through the old Heart Lake burn, following deer.

Pelicans. On August 10 a flock of pelican were observed from the summit of Mt. Sheridan flying west from the Molly Islands toward Idaho. It is estimated there were between 100 and 200 birds in the flight. Ranger Paul Sebesta reported large colonies of adult pelicans leaving the South and Southeast Arms of the Lake about the same date and they have not returned.

Many of the waterfowl are grouping for flights. Flocks of parent birds with their young have been observed in all areas.

Hans Franklin, crew leader, and the Park Smokejumper crew with the smokejumper plane left West Yellowstone August 13 for Missoula to assist on fires in Region One of the United States Forest Service. They had not returned by the end of the month.

Forest Insect and Disease Control. Forester Dyer, U. S. Forest Service, inspected the Pfister Dust Control project several times during the month.

A white pine and ribes survey was started on August 1 in the West Thumb and Grant Village area. At a later date this project will be extended to include Lewis Lake campground development.

Wildlife and Fish Cultural Activities. On August 13, rangers about U. S. Fish & Wildlife representatives plant 10,000 grayling in Ice Lake. This should complete Ice Lake stocking for the next two years. The U. S. Fish & Wildlife Service biologist recommended the grayling population in Ice Lake be maintained at about 20,000 fish because of the food production capacity.

The water temperature of the Firehole River has risen again this summer. Recent readings have recorded temperatures ranging from 80 to 85 degrees. Although no fish losses have been reported as yet, trout have been observed lying in the riffles and swift water. The same occurrence was noted last year on July 19 and was attributed to increased thermal activity coupled with high summer air temperatures.

Bear. A grizzly cub, one of Sylvia's, was shipped to a zoo in Mexico City, Mexico.

Mountain Lions. On August 4, South District Naturalist Mangum observed the tracks of an adult and bottom mountain lion following the trail from the end of Heart Lake to Sheridan Lake. The lions' tracks were plainly visible for a distance of two miles through the old Heart Lake burn, following deer.

Pelicans. On August 10 a flock of pelicans were observed from the summit of Mt. Sheridan flying west from the Molly Islands toward Idaho. It is estimated there were between 100 and 200 birds in the flight. Ranger Paul Webster reported large colonies of adult pelicans leaving the South and Southeast Arms of the Lake about the same date and they have not returned.

Many of the waterfowl are grouping for flights. Flocks of parent birds with their young have been observed in all areas.

Contracts. The following contracts were awarded in August:

Nelson Bros. Construction Co. Salt Lake City, Utah	$ 56,678	Incinerator at Mammoth
Julien Construction Co. Cody, Wyoming	363,272	Hospital, Dormitory, Physicians' Duplex

<u>Contracts.</u> The following contracts were awarded in August:

Nelson Bros. Construction Co. Salt Lake City, Utah	$ 56,675	Incinerator at Kenneth
Julius Construction Co. Cody, Wyoming	[illegible]	Hospital, Dormitory, Physicians' Duplex

Design and Construction

Plans, Maps, and Surveys: The following listed drawings received action as indicated:

Working Drawing No. NP-YEL-3836 - Campground Roads, Bridge Bay; reviewed and recommended for approval.

Working Drawing No. NP-YEL-3832 - Comfort Stations (6), Grant Village; reviewed and recommended for approval.

Working Drawing No. NP-YEL-3831 - Comfort Stations (8), Bridge Bay; reviewed and recommended for approval.

Master Plan Drawing NM-BHB-2003-B - Headquarters Area, Big Hole Battlefield; reviewed and recommendation being held pending surveys by WCDC on September 5.

Preliminary Drawing NP-YEL-3835 - Chittenden Memorial Bridge Plaque; reviewed and recommended for approval.

Concessioner Drawing NP-YEL-8791 - Warehouse and Equipment Storage Building, Morris (Montana Power); recommended and forwarded for approval.

Concessioner Drawing NP-YEL-8792 - Power Distribution System, Bridge Bay (Montana Power); recommended and forwarded for approval.

Concessioner Drawing NP-YEL-8773 - Old Faithful Cabin Office Building, L-P Gas Extension (Yellowstone Park Co.); reviewed and forwarded; approved by Regional Director.

Final PS&E - Morris to Canyon Cutoff, Route 12; reviewed and recommended for approval.

New Construction: New contracts for construction projects were let or are in the process of award as follows:

Incinerator, Mammoth - bids opened on August 2, Contract No. 14-10-243-428 let to Nelson Brothers Construction Company of Salt Lake City, Utah for $56,678.

Hospital, Dormitory, and Physicians Duplex, Lake - bids opened on August 8. Low bidder Julien Construction Company of Cody, Wyoming. Contract No. 14-10-243-429 ($363,272) has been sent to the Washington Office for approval.

Order and Decisions

Elder, Ohm, and Torres. The following listed civilian [illegible] review as indicated:

Meeting Ending on. 14-08-2016 – Conditional [illegible] [illegible] reviewed and recommended for approval.

Meeting Ending 20. 22-11-2016 – Senior Tribune [illegible] [illegible] reviewed and recommended for approval.

Meeting Ending on. 17-05-2017 – Senior [illegible] [illegible] [illegible] reviewed and recommended for approval.

Senior Plan Ending [illegible] – [illegible] [illegible] [illegible] reviewed and recommended [illegible] [illegible] [illegible] 3.

Preliminary Ending 22-11-2016 – [illegible] [illegible] [illegible] reviewed and recommended for approval.

Conclusion Ending 18-06-2017 – [illegible] [illegible] [illegible]

Chittenden Memorial Bridge - bids opened August 29 and apparent low bidder is C. M. Smith of Thermopolis, Wyoming.

The Madison Junction Campground and the new road at the Madison Junction Complex were opened to the public prior to the annual 'Camp-fire Day' pageant. After extensive delays the contractor started work on the sewage treatment plant at Grant Village. Excellent progress is being made by Floyd Hathaway on the ranger stations at Madison Junction and Grant Village and the comfort stations and utility building at Madison Junction. Progress on all other projects is normal with no unusual developments to be reported.

Final inspections were made on the following projects:

Water and Sewer to Serve Concessioners Service Station, Lower Junction - Ray Mathews Nursery, Contract No. 14-10-243-419, on August 15.

Campground Roads, Madison Junction - Burggraf Construction Co., Contract No. 14-10-243-393 on August 7 and Contract No. 14-10-243-404 on August 23.

General Circulation Roads and Campground Roads, Grant Village - Studer Construction Co., Contract No. 14-10-243-391, on August 9.

Pre-final inspections were made on Bureau of Public Roads projects at Bridge Bay and Madison Junction on August 30 and 31.

Pre-construction conferences were held with Nelson Brothers Construction Company to discuss the incinerator project at Mammoth and with McCormick & Anstett to discuss the amphitheater project at Madison Junction.

Conferences and Meetings: On August 15 Superintendent Garrison met with the Yellowstone National Park concessioners to discuss plans on the ground at Bridge Bay and Grant Village. At each place the proposed plans were carefully discussed and a clear statement of policy on services to be provided was made. Those present were Messrs. Hallin and Marshall of Yellowstone Park Company, Mrs. Tree Pavah and Gor Halppie of Hamilton Stores, Charles Gallagher of the Yellowstone Park Service Stations, Mr. and Mrs. Jack Haynes of Haynes, Inc., and Orr Pickering of Pickering Associates, retained by the Yellowstone Park Company for the architectural work. Park staff members and the project supervisor and project landscape architect of WODC were also present.

BIG HOLE BATTLEFIELD NATIONAL MONUMENT
WISDOM, MONTANA

2823

September 1, 1961

Memorandum

To: The Superintendent

From: Acting Superintendent, Big Hole Battlefield

Subject: Monthly Narrative Report - August 1961

GENERAL

Weather Conditions:

August continued hot and dry for the most part. The first good rain fell on the 13th, followed by a light shower on the 14th. Lightning storms have occurred almost daily causing several hundred forest fires in the surrounding forests. Theend of the month has brought colder day time temperatures and higher humidity along with a few light sprinkles to cool things generally climaxed by a soaking day-long drizzle on the 31st. An unofficial high of 93° was observed on August 5 and a low of 35° on the 30th.

Decrease in Travel:

It is assumed the decrease in travel for August was due to the road construction work on State Highway 43, dry weather and numerous forest fires in the general area. Travel was a follows:

Visitors		Travel year to date	
August 1960 -	3112	1960 -	8582
August 1961 -	2548	1961 -	8150
decrease	564 or 17.8[illegible]	decrease	432 or .05[illegible]

Visitors:

Mr. Harrison Lane, Northern Montana College, August 1[illegible]
Mr. and Mrs. Allen B. Heubner, Coordinating Engineer, Dist. 3, Western Office, Design and Construction, August 1[illegible]
Mr. Carl Parlasca, Director, Sons of Hiawatha Pageant, Elgin, Illinois, August 15
Park Ranger James B. Valder, Yellowstone-Mt. Rainier, August 17-[illegible]
Mr. O. V. Judge, Historian-Writer, Casper, Wyoming, August 21-22
Park Ranger (General) and Mrs. Robert Johnston, Lower Canyon Station, Yellowstone National Park, August 23-24

Visitors:

[illegible]

Special Activities:

Acting Superintendent Williams and family made a trip to Yellowstone National Park August 5 - 8 for supplies and to take care of forthcoming boundary status survey details with Program Officer Bean and Landscape Architect Rosenberg.

Historian O. S. Judge of Casper, Wyoming made a metal locator search of the Nez Perce campsite area on August 21-22. He immediately turned over to the National Park Service his finds and data. Coincidently, Mr. Charles P. Vermes of Milwaukee, Wisconsin was pot-hunting the area at the same time with his metal locator. It is hoped between Mr. Judge and the Acting Superintendent he was partially convinced as we did manage some data and objects from him.

Judge's finds were verified by Park Ranger Historian Williamson and the Acting Superintendent on August 23. On August 30 these finds were staked and plotted by Williamson. The finds substantiate a firing line in the center of the camp. The report with pictures and diagrams will be completed soon. Mr. Judge is to be commimented by the National Park Service for his work. He had been to the Bear Paw Battlefield prior to coming here. He donated to the National Park Service his finds from there which will mean much to our study collection.

Progress of construction on State Highway 43 increased considerably during the month. All contractors were working; with one (Triangle Construction) working two shifts. Three bridges over Trail Creek are now complete as is one large box culvert (for F. O. Schowell's ditch to trestle.).

Telephone and powerline relocation along right-of-way is almost complete between the Monument and Wisdom. Numerous concrete culverts are in place. Excavation and footing piling work has been done on the large bridge to cross the Big Hole River at Wisdom. Another month will see Monument headquarters one-half mile off the main road.

ADMINISTRATION

Personnel:

Park Ranger (General) John F. Burgers was terminated COB August 26.

General Publicity:

There were 8200 informational folders on hand at month's end.

Safety and Health:

On August 9 it was necessary to X-ray Acting Superintendent Williams' right heel in Livingston, Montana (fractured March 24). It was determined the heel is not progressing as it should. After a radiologist had examined the X-rays Williams was ordered back to crutches.

Special Activities

[illegible]

Equipment:

[illegible]

Camera Techniques:

[illegible]

Safety and Security:

[illegible]

Sanitation:

Both public pit toilets were rehabilitated complete to painting during the month. This required a new pit for the men's and a new foundation for both including a complete new floor for the women's due to dry rot.

COOPERATIVE ACTIVITIES

Cooperation with other Federal, State or Local Agencies:

On August 2 the Beaverhead County Noxious Weed Control Unit was given permission to look for and eradicate spotted nap-weed and goatsbeard in the area. They found only a small number which was most encouraging.

OPERATIONS

Protection and Ranger Service:

Big Hole Battlefield observed its 124th anniversary August 9 and 10.

Numerous color transparencies were added to Big Hole Battlefield and Yellowstone's collections during the month. Twenty-five slides were forwarded to the Region II office for their interpretation collection on August 29.

Two new museum items were received and placed on display during the month. A trowel bayonet and a howitzer ammunition box were received on August 2 from Mr. Walt Glendenning of Elyria, Ohio thanks to the Yellowstone Museum and Library Association.

A small boy (much to his surprise) hit and killed a ground squirrel with a stone. He was reprimanded verbably by Park Ranger Burgers and physically by his father.

Wildlife Activities:

Dr. Denny Constantine, [illegible], A.H. Rabies Investigation Station, State College, New Mexico was appealed to for help regarding the bats in the museum. He graciously sent a commercial dog repellent called "KIBZ" for us to try. After two sprayings the bats are gone - at least temporarily. This repellent is supposed to repell skunks also.

No skunks were live trapped during the month from beneath the residence.

An unknown specie of snake was observed near the water tank on the 14th. Probably a garter snake; it was the first observed this summer.

Installation:

Both mobile pit toilets were installations requiring [illegible] during the month. This required a new pit for [illegible] and a new foundation for both including a complete new floor [illegible] the women's [illegible] to dry rot.

COOPERATIVE ACTIVITIES

Cooperation with Forest Service, Texas or Local Officials:

On August 2 the Beaverhead County Sheriff and District [illegible] was given permission to look for and [illegible] [illegible] and [illegible] in the area. They found only a small [illegible] which was [illegible].

OBSERVATIONS

Protection and Ranger Services:

Big Hole Battlefield observed [illegible] anniversary [illegible] and 10.

Numerous other investigations were added to the Big Hole Battlefield and Yellowstone's collections during the month. [illegible] slides were forwarded to the Region II office for [illegible] collections on August [illegible].

Two [illegible] were received and [illegible] during the month. A [illegible] was received on August 2 from [illegible]. [illegible] to the Yellowstone Museum and Library Association.

A small boy (about [illegible]) was [illegible] [illegible] with a [illegible]. [illegible] and physically [illegible] his father.

Wildlife Activities:

Dr. [illegible], [illegible], [illegible] Station, State College, [illegible] the bats in the museum. [illegible] called "[illegible]" for [illegible] at least temporarily. This regulation is [illegible] [illegible] the residence.

[illegible] were live trapped during the month from [illegible] the residence.

[illegible] species of [illegible] observed [illegible] on the 14th. Probably a [illegible] [illegible] summer.

Maintenance:

The following jobs were completed during the month: move one and rehabilitate two public pit toilets; roofs of tool shed, privies and museum stained; new gateway from parking area to museum completed; and all bridge piling ends (gift from contractor) hauled in and stored.

Forest Fire Protection:

Close watch was kept for lightning fires and readiness maintained. At one point, on August 14, the Sleeping Child fire (28,000 acres) was within 17 miles of the Monument.

Due to the extreme number of lightning caused fires in the area assistance was offered to Officials of Beaverhead National Forest if they needed it from our meager crew. Luckily, for us, they didn't need it.
